FOREWORD

Great care has been taken to make the following records of alumni and non-graduates as accurate as possible. The list of graduates is fairly accurate. It should be understood, however, that this is the first attempt made to compile such a record of the non-graduates. Naturally this is far from accurate and is incomplete.

During the past year lists of the former students have been sent to a number of the alumni of Southern University and Birmingham College with the request that they should make all possible corrections. Many corrections have been made in this way. Now the co-operation of all former students is asked in keeping the records as complete and accurate as possible. If any one is able to supply additional information in regard to any former student or correct an address or statement please use the last sheets in this bulletin as an address form and mail to
